

Calling all skiers and wakeboarders.

The 7th Annual Ski and Water Exhibition is right around the corner and just like in the past we will begin at 8am on Saturday, July 3rd at the dam turn-around.

We encourage skiers and wakeboarder of all ages and ability to participate...young and old, beginner or veteran, slalom skiers, multiple skiers, wakeboarders, bare footers or skiers in a costume...will we have an Elvis sighting again?

Participants don't need to have a boat to pull you we will match you with a driver if need be. Participants will be required to bring their own ski and life jacket.

We would like to compile a list of participants in the order that they will start so members and guests will know who is on the water.

If you are interested in skiing, wakeboarding, being a driver, an observer or in the safety boat please contact Mark Nolting at mjnolting@msn.com or text him at 812.216.2295
